ODE TO SPRING

Time to dig out,
Time to refresh
Time to look up
And do your best!
The winter snows are just behind
The days are bright and clear,
The meadows sparkle with lots of flora
And your local library is very near,
So give a BIG stretch
Gather your stuff
And head for that library
But don't mess up your cuff.

Some Census Index Info

Most of us know, if we have been searching for a long time, that we can't depend entirely on Census Indexes. There is too much chance for incorrect information. But, they can start one of those paths so desperately needed by your research. So here are some very early ones, some that may be in your own library and some that may be not. I know our local library doesn't run to all the early state indexes. If your library has others, could you send me copies and I will get them included in one of the newsletters.
